1. Location and Purpose of Visit:

The undersigned visited Detachment G from 6-10 April 1970 to conduct both Full-Pressure Suit and Partial-Pressure Suit fitting and altitude chamber indoctrination for [redacted] 25X1
[redacted] Discussions were also held with Life-Support personnel [redacted] on the SERE Training Program and related Life-Support equipment.

2. Results of Visit:

(a) Altitude chamber indoctrination for [redacted] 25X1
[redacted] was satisfactorily completed with only minor modifications in suit fit. The left leg will be lengthened slightly and a somewhat larger flight boot will be issued. All aspects of the training were completed and subject was suited for approximately five (5) hours on his initial exposure.

(b) Subject [redacted] will receive thorough checkouts and suit cockpit interface evaluations prior to his first U-2R high flight. No problems are anticipated.
